0542258899

## Summary

I am highly motivated **frontend Developer** with a strong understanding of React.js and its principles. Graduated with a **Bachelor of Science in Computer Science** at the age of **19**. Determined in programming, and always eager to learn and improve. A self-learner with experience in building front-end and full-stack architectures from scratch. Proficient in UI/UX through CSS tools(sass, tailwind, bootstrap), knowledgeable Javascript and NPM.

---

## Education

### Bachelor in Science in Computer Science

JCT Lev Academic Center • Jerusalem  
10/2019

---

## Certificates

The complete 2022 Web development Bootcamp, React-the complete guide

---

## Skills

React, JavaScript, mongoDB tools, UI/UX styling tools, Data Structures implementaion, postman

---

## Work Experience

### Tutor

The program for skilled youth in mathematics • Ramat Gan
